INTERESTS

Sports:
football, badminton, walking.

Documentaries: science and technology

Japanese animation (anime)

LANGUAGES

Arabic : Native
French : C1
English : B2

EDUCATION

2026 – 2027 · Engineering Degree, Computer Sciences (1st year)
ENSEEIHT – Toulouse INP, Toulouse.

2024 – 2026 · Scientific Preparatory Program (CPGE), MP (Mathematics & Physics)
Lycée Mohammed V, Casablanca, Morocco.

2024 ·Moroccan Baccalaureate in Mathematical Sciences A
Lycée El Makdissi, Casablanca, Morocco.

PROJECTS & ENGAGEMENT

2025 - 2026
Lycée Mohammed V

TIPE RESEARCH PROJECT – AMBIENT-LIGHT ADAPTIVE LIGHTING

- Modelled ambient light with a Gaussian process (probabilistic model) to adjust artificial lighting and make the most of natural light
- Ran numerical simulations in Python to analyse and validate the model; oral defence before a jury

Python · Gaussian processes · Probabilistic modelling · Numerical simulation

2024
Lycée El Makdissi

WATER CRISIS AWARENESS CAMPAIGN

- Co-organised, as a team, an awareness campaign on water issues in Morocco for first-year high school students
- Gave an oral presentation on the issues and ran games and creative workshops

Public speaking · Teamwork · Organisation

SKILLS

PROGRAMMING LANGUAGES
· Python
· Ada
· SQL

SCIENTIFIC COMPUTING & DATA
· NumPy
· Matplotlib
· Matlab
